

Advanced Placement Exam Preparation

We are pleased to announce that Aventa Learning will offer students Advanced Placement exam review sessions throughout the month of April

We encourage all students to register and participate in the AP examination. Throughout the year, students are provided opportunities in our AP curriculum to master the subject matter and skills they need to successfully complete the AP exam in the Spring. This year, we will provide students additional opportunities to reinforce the knowledge and skills they practiced throughout the 2010-2011 school year in their AP courses.

AP Exam preparation sessions will be held during the month of April beginning April 4, 2011 and continue through April 29, 2011. AP preparation sessions will include: content review, test taking and essay writing skills and practice exams. All sessions will be live and facilitated by an experienced AP teacher. The sessions will include facilitator prepared resources, as well as, accommodate student initiated topics.

The sessions will be held in Elluminate and open to all AP students. To access the session, students will be prompted to enter their first name and last initial. The schedules are on the following pages. Please share the dates, times and Elluminate links with your students.

The AP preparation session information is available on the following pages, listed according to subject area. If you have any questions or need further information, please contact the AP Coordinator, Laurene Transue at:

laurenet@aventalearning.com or (800)594-5504, opt. 5, ext 5102

AP Exam Preparation Schedule

AP English Lang/Lit

AP English Lang/Lit Combined

Day: Monday April 4th

Time: 10am, EST (9am, CST, 8amMST and 7am, PST)

Day: Wednesday, April 6th
