

## **Yearbook/Turoquoi Information**

Mailing Address: AHS Yearbook, 240 N. Cerritos Ave., Azusa CA 91702

Email: Advisor L. Clutterham

School Photographer: Photo Studio Ortiz—626-969-8488

### **Senior Portraits**

All seniors wishing to have their formal portraits in the senior portraits section must have their photographs taken by our school photographer. All senior portraits must be completed at the studio by 12-23-11 to be included in the yearbook. See other senior portrait information on this website for current prices; all photography fees must be paid at the time of the sitting.

### **Senior Photos**

Seniors who miss or choose not to have a formal portrait taken may be included in the “More Seniors” section, which directly follows the senior portraits section. Senior photos will be taken by our school photographer, Photo Studio Ortiz, in the spring and on the single school photo make-up day. You may also visit the studio by 12-23-11 to have a school picture taken (sitting fee applies). You must bring a check payable to the studio or cash to purchase photos on the date taken. These photos are the only way to be included in the “More Seniors” section. ***Photos taken by school staff for student I.D. cards will not be included in the yearbook.***

### **Missed Senior Portraits & Photos**

If you miss all opportunities for a senior portrait or photo, you will not be in those sections of the yearbook. You may, of course, buy a senior portrait from a commercial photographer for your personal use—for relatives, job and college applications, yearbook senior ad pages, etc.—but we cannot include them in the senior sections of the yearbook. *We must have a written release from any other photographer to use a commercially-taken photo on your senior page.*

### **Right of Refusal**

The Yearbook staff and/or advisor reserve the right to refuse to publish any photos, text, or ads which are inappropriate for the yearbook. Items displaying or referencing gang affiliation, liquor, tobacco, or drugs or are sexually explicit will be automatically excluded.
